From the Superintendent's desk...

"To see far is one thing, going there is another" - Constantin Brancusi

As we begin to look towards the 2023-2024 school year, it is important that I take the time to thank our incredible community for making the past school year a great success. The core values of pride, integrity, work ethic, empathy, and belonging, that define our school are exemplified by our rich network of parents, friends, family, community members and local businesses. Thank you to everyone in Joliet for carrying these core values in your own lives and being role models for our students. The work that we do here in the classroom is a true partnership between school and home.

The students and staff in Joliet are doing great things. In May, we graduated an outstanding group of seniors that are now off to trade schools, engineering programs, collegiate athletic fields, the work force, and other ventures. 10 of 12 classes are above the national average for reading achievement. Our incoming 7th through 12th grade classes are all above the national average for achievement in math. And nearly 65% of our K-5 students are at grade level or above in math, compared to about 35% nationally.

During my first year as the Superintendent, I set out to bring together a wide variety of opinions, listen, ensure voices are valued, build consensus, and help the District fulfill its vision to create an exemplary learning environment for students. Towards this end, I am hosting Coffee with the Superintendent on the 3rd Tuesday of each month at 9am at the Community Center to discuss issues that are appearing on the monthly Board agenda. Additionally, our Board of Trustees are now holding regular committee meetings to discuss important issues related to the District. These meetings are open to the public and we hope to see you there. And finally, we encourage everyone to stream all regular board meetings on the District's YouTube Channel to help stay apprised of all District happenings. I believe these are positive steps towards building home to school partnerships. That said, there is plenty of work still to do on this front.

Our grit role models for the 2023-2024 school year will be the incredible men, women, and sled dogs, who, in the face of blizzards, frigid temperatures, and inhospitable terrain, set off to complete one of the world's most challenging adventure races anywhere on the planet. The Iditarod, which asks teams of racers to traverse some of the most remote country in the world, covering nearly 1000 miles in as little as 8 days, is an excellent example of the work ethic that captures the essence of the Jhawk spirit. Debbie Clark, an Iditarod finisher, in attempting to capture the rigor of the physical and emotional toll the Iditarod takes on a person, quoted a Romanian sculptor, and sums up the race by stating, "To see far is one thing, going there is another."

-Jhawks SOAR far! - Clark Begger, JPS Superintendent

From the 6-12th Principal...

Hello! I hope you are having a great summer, enjoying family time, and experiencing new adventures! I'm very excited to begin my 2nd year as the 6th-12th grade principal and looking forward to a year filled with enriching opportunities for our students! We value parental and community relationships and support, and I strongly believe this enhances the quality of education at Joliet Schools. Please don't hesitate to reach out and be involved in your children's experiences and endeavors.

Registration for juniors and seniors will be Tuesday, August 8th, and freshmen and sophomores will be Wednesday, August 9th. Information packets will be mailed to all high school students with class and time details. In regards to middle school, the district will handle all scheduling for your student(s) before the beginning of the 2023-2024 school year. Specific to middle school students, please talk with your child regarding their choice of either band, choir, or study hall. Band runs on Monday, Wednesday, and Friday. Choir runs on Tuesday and Thursday. Students may elect band and/or choir, and they will be enrolled in a study hall during off days. They will be asked to communicate their choice to their first period teacher on the first day of school.

I encourage you to read the newsletter and keep the enclosed calendar for future reference to assist you with school dates and activities. Please feel free to call, stop in, or email with any questions or concerns. I hope you will become an active part of the school community and enjoy our students and the activities they pursue. We look forward to being a partner in the lives and education of your children!

- Sincerely, Mandi Hernandez, 6-12th Principal

From the K1-5th Principal...

Hello J-Hawks!

I hope everyone has had an excellent summer filled with relaxation, quality family time and exciting new adventures. My name is Joey Richert and many of you know me as the middle school history teacher, but I am thrilled to address you as the new K1-5 principal.

I was raised in Montana and have spent the majority of my eight years teaching in the southeastern part of the state. I have worked in a number of schools with divergent student bodies and look forward to using my experience managing student skill sets, behavior and content design in my time as principal. I pride myself on my ability to foster relationships, desire to grow and my commitment to positive leadership.

My family and I have set down roots and are happy to call Joliet our home. I have worked hard in the last year to build relationships with students, staff, families, and community members and look forward to continuing to serve the community of Joliet. I believe that the heart of a community lies within its schools and can't wait to work with all those involved in creating a successful, safe, welcoming school for the years to come.

Open collaboration and a communicative environment is pivotal for developing a successful educational program, so I encourage you to reach out with questions, comments, and concerns!

- Best Regards, Joey Richert

Facilities Master Planning Update

In December of 2022, the Building & Grounds Committee of the Board of Trustees began discussions related to facilities master planning.

The major goal of these discussions is to be proactive with facilities and grounds planning to incorporate predicted growth while also building a comprehensive maintenance program that limits major repairs and replacements, while also ensuring building projects are rooted in a sound master plan.

The Committee reviewed master planning proposals from two architecture firms and, in June, Trustees voted unanimously to move forward with Collaborative Design Architect's proposal to complete facilities master planning for the District.

The major growing pain currently facing the District is incredible growth in the elementary. In the 2001-2002 school year, K-8 enrollment was 237 students. This past year, we had 279 students enrolled in our K-8 programming. Our K-5 students and teachers feel the greatest constraints from a lack of square footage.

A Committee will now be formed by the Board of Trustees to engage in this master planning process. Please keep an eye out for opportunities to participate and help shape the conversation about what the future of Joliet Schools will look like.

Academic Achievement - Testing

We do a variety of testing throughout the year at Joliet School. These include MAP (Measures of Academic Progress), SBAC (Smarter Balanced Assessment Consortium), ACT (American College Testing), PSAT (Preliminary Scholastic Aptitude Test), and ASVAB (Armed Services Vocational Aptitude Battery).

In this newsletter, we've included a glimpse of the 2022-2023 results for schoolwide reading, math, and science. Kindergarten through 11th grade does MAPs reading testing, Kindergarten through 5th grade does iReady math testing, 6th-11th grade does MAPs math testing.

We have developed a link on our school website https://docs.google.com/spreadsheets/d/16ESJXp0wctcyFoK_qW1EL7fDtr2Tng0FEiRpSti4VXk/edit?usp=sharing that provides more detailed information on grade level and subject area testing data. If you would like specific information pertaining to your child's results, please contact the school.

The JHS Booster Club is a volunteer organization of J-Hawk supporters that has a proud tradition of providing financial assistance for student activities through our membership drives and fund-raising efforts. The JHS Booster Club is unique in that it not only supports the school's athletic teams, but all student-oriented clubs, organizations, and extra-curricular activities.

The Booster Club supports the academic, activity, and athletic programs at the high school. These include, but are not limited to, Band, FFA, Pep, Cheer and all of the Clubs and Sports Programs at Joliet Public Schools. If your child is in any of these programs, we would like you to support them by joining the Booster Club.

Some of the ways we support the programs, activities and clubs is by giving financial assistance for travel or gear, making lunches for traveling teams, buying meals for teams traveling to tournaments, student scholarships, etc.

With your membership we will be able to continue to do the things we have previously done and hopefully add in a few new ways to support the students this year. Please fill out the information below and mail back to the address above. Each Century Club, Family/Couple, and Senior Couple membership comes with a choice of two t-shirts or one t-shirt and one hat. Single/Individual memberships come with the choice of a t-shirt or a hat.

Receipt and Review of Student Handbook

Under the Family Education Rights and Privacy Act (FERPA), no personally identifiable information maintained by the district may be released without the consent of the parent/guardian or eligible student. An exception to this rule is when the district publishes directory information about its students: a student's name, participation in officially recognized activities and sports, weight/height of members of athletic teams, photographs, dates of attendance, and awards received in school. This information may be published in sports programs, music and drama programs, news releases, yearbooks, webpage, etc. Parents/guardians may request that the school not publish this information on their child by contacting the school with their request.

I have read a copy of the Joliet Elementary School Student Handbook and I have had my questions answered. I have also shared and discussed this handbook with my parent/guardian. I understand that I am responsible for the contents. I also understand that I will be allowed to participate in co/extra-curricular activities after my parents/guardians and I have signed this page and it is returned to the office.

As a student, I have read the Joliet School District Computer Acceptable Use Policy and agree to abide by its provisions. As a parent/guardian, I have read the Joliet School District Computer Acceptable Use Policy and understand that it is impossible for the Joliet School District to restrict access to all controversial material, and I will not hold the District responsible for controversial material my child acquires on the internet.

I have read and agree to abide by the Athletic/Activities Code section of this handbook. I understand that training rules are in effect from the first day of school through the last day of school. I understand that there are consequences for breaking these rules that include but are not limited to suspension from competitions and possible termination of participation in the activity. As a parent/guardian I give my child permission to travel with the team or group on school sanctioned contest and activities. I understand that if my child misses class for one of these activities, he/she is responsible for the material missed, and may not use participation in the activity as an excuse not to turn in an assignment when due. I give my permission for the trainer, coach, and qualified (First Aid Certified) school personnel to apply first aid treatment until the family doctor can be contacted. I give my consent for athletic trainers to evaluate & provide ongoing treatment and assessment for sports injuries.

Receipt and Review of Student Handbook

Under the Family Education Rights and Privacy Act (FERPA), no personally identifiable information maintained by the district may be released without the consent of the parent/guardian or eligible student. An exception to this rule is when the district publishes directory information about its students: a student's name, participation in officially recognized activities and sports, weight/height of members of athletic teams, photographs, dates of attendance, and awards received in school. This information may be published in sports programs, music and drama programs, news releases, yearbooks, webpage, etc. Parents/guardians may request that the school not publish this information on their child by contacting the school with their request.

I have read a copy of the Joliet MS/HS Student Handbook and I have had my questions answered. I have also shared and discussed this handbook with my parent/guardian. I understand that I am responsible for the contents. I also understand that I will be allowed to participate in co/extra-curricular activities after my parents/guardians and I have signed this page and it is returned to the office.
